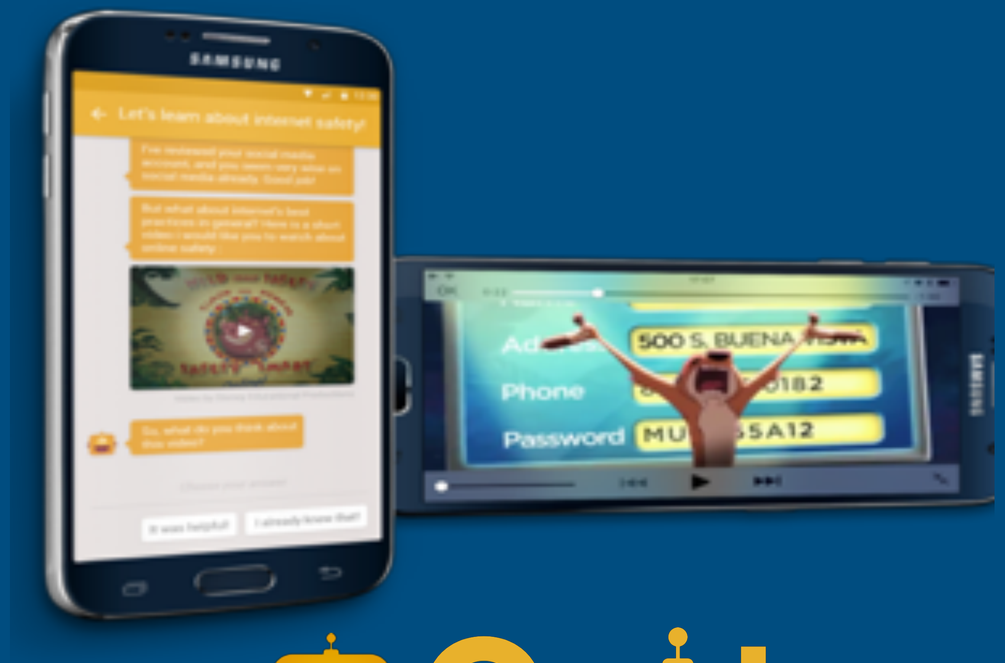
Privately Startup Presentation

AMLD 2019

François Helg

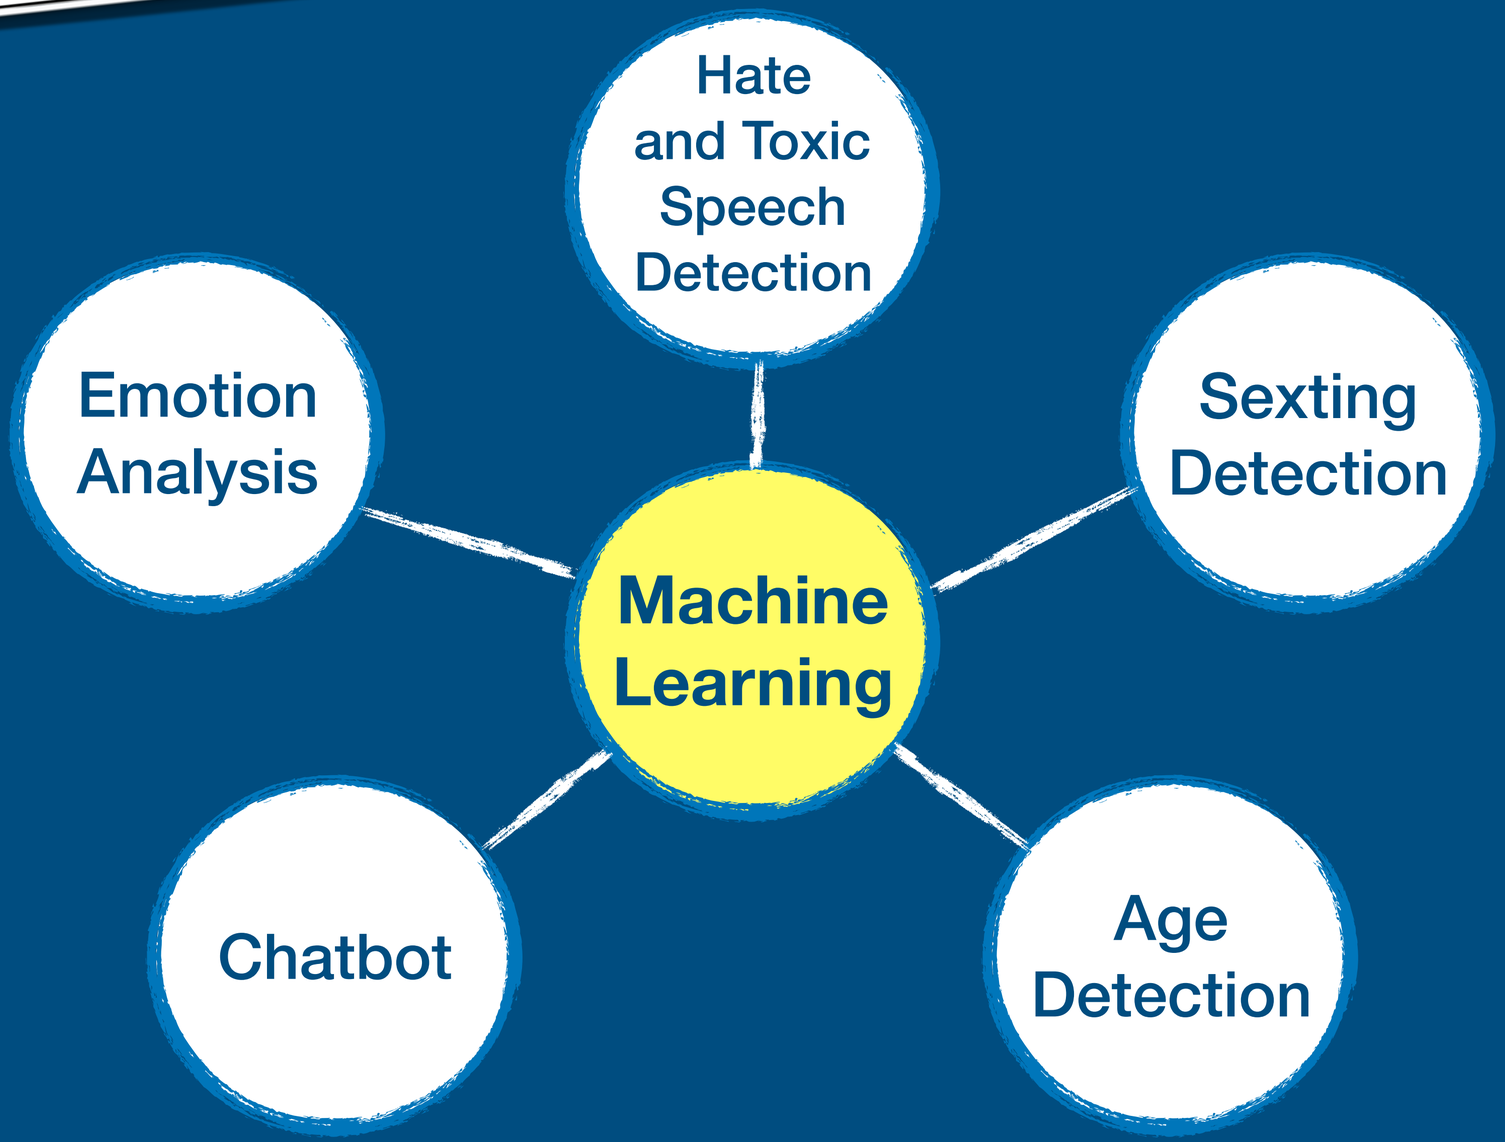
What do we do ?



Oyoty

We are building
the first
digital safety and wellbeing coach
based on
behaviour analysis
to help children have a
positive engagement
with their smart devices

Where do we apply Machine Learning ?



What makes us special ?

- Industry leading classifiers - *benchmarked against Watson, Azure Content Moderator, Perspective API*, …
- All our classifiers are highly optimised to **run offline on the mobile device**
- A custom ML pipeline to **label data**, **train**, **evaluate** and **deploy** models on mobile devices
- Market traction with **Governments**, **Gaming Companies**, **Retailers** and **Charities**

Current challenges ?

- Multilingual support
- Privacy preserving federated learning

Come and see us

We have a booth in the hall and **We Are Hiring**
